Honors BA, Media Arts & Technology, 2011

Experience

Pandora Media, Inc. : New York, New York
Visual & UX Designer, September 2016 to Present
Building learning experiences by utilizing a mix of visual, UX, interactive, and human-centered design. Founder of the Pandora Design resource group, a first-time effort at Pandora to bring designers together across the company.

Matthew Bambach : The Internet
Freelance Information Designer, January 2012 to Present
Consulting, art directing, and designing information graphics for a variety of clients, including Google, Radiator Labs, NYC ACRE, Global Futures Group, Michigan State University, and local merchants.

MICA Center for Social Design : Baltimore, Maryland
Design Researcher & Designer, September 2014 to May 2015
Developed brand design workshops for kids and wrote a book outlining the process; conducted community research and created educational materials about green infrastructure practices in East Baltimore.

The Globe and Mail : Toronto, Canada
Graphics Editor, Mobile UX & Print, May 2011 to July 2014
Visualized data and produced explanatory graphics with reporters and editors at Canada's most-read newspaper. Led data visualization on the mobile design team.
