Experience

Mobilize : New York, New York
Senior Product Designer, October 2019 to Present
Designing tools for community organizers. Building qualitative UX research processes. Advocating for web accessibility and design systems. Sharpening UX writing, data-driven design, and product strategy skills.

2U Inc. : Brooklyn, New York
Product Designer II, July 2018 to September 2019
Building user experiences that power online graduate programs for major colleges and universities. Conducting user research and testing. Championing design systems and web accessibility initiatives. Pairing with engineering to ensure implementation is practical, usable and scalable.

Pandora Media, Inc. : New York, New York
Learning Experience Designer, September 2016 to June 2018
Built learning experiences by utilizing a mix of visual, UX, interactive, and human-centered design. Advocated for the importance of cross-functional design thinking.

The Globe and Mail : Toronto, Canada
Graphics Editor, Mobile UX & Print, May 2011 to July 2014
Visualized data and produced explanatory graphics with reporters and editors at Canada's most-read newspaper. Led data visualization on the mobile design team.
